|----------|--|-----------|
| <b>1</b> | <b>Introduction</b>                                | <b>5</b>  |
| 1.1      | Installing . . . . .                               | 5         |
| 1.2      | Configurations . . . . .                           | 5         |
| 1.3      | Running a simulation . . . . .                     | 5         |
| <b>2</b> | <b>Simulations</b>                                 | <b>7</b>  |
| 2.1      | Overlay Simulation . . . . .                       | 7         |
| 2.2      | Technologies Experiment . . . . .                  | 7         |
| 2.3      | CMU Review App Simulation . . . . .                | 7         |
| <b>3</b> | <b>Code</b>  | <b>9</b>  |
| 3.1      | Network Configurations . . . . .                   | 9         |
| 3.2      | <i>VirtualDiscovery</i> . . . . .                  | 9         |
| 3.3      | TDLS . . . . .                                     | 9         |
| 3.4      | Wifi-Direct . . . . .                              | 9         |
| 3.5      | Mobility . . . . .                                 | 9         |
| <b>4</b> | <b>Advanced</b>                                    | <b>11</b> |
| 4.1      | Developing a new simulation from scratch . . . . . | 11        |
| 4.2      | Tracing . . . . .                                  | 11        |
| 4.3      | Parallel Execution . . . . .                       | 11        |
| 4.4      | Direct Code Execution . . . . .                    | 11        |

# Chapter 1

## Introduction

1.1 Installing

1.2 Configurations

1.3 Running a simulation

## Chapter 2

# Simulations

**2.1 Overlay Simulation**

**2.2 Technologies Experiment**

**2.3 CMU Review App Simulation**

# Chapter 3

## Code

3.1 Network Configurations

3.2 *VirtualDiscovery*

3.3 TDLS

3.4 Wifi-Direct

3.5 Mobility

## Chapter 4

# Advanced

4.1 Developing a new simulation from scratch

4.2 Tracing

4.3 Parallel Execution

4.4 Direct Code Execution
